Dear

Freedom of Information Act Request

I am writing in response to your e-mail of the 31st March 2025. Your request has been processed using the Trust's procedures for the disclosure of information under the Freedom of Information Act (2000).

Requested information:

I am conducting an FOI-based study to explore the current state of community and/or patient public involvement and engagement (PPIE) within high-level agenda setting health research boards in NHS Trusts/ Board in the UK.

May I please ask for the following information under the FOI act.

1. Does your NHS Trust/ Board have an executive board where health research strategy for the hospital/s is set? e.g. a Research and Innovation Board or other relevant high-level board. **North Staffordshire Combined Healthcare NHS Trust does not have a Research and Innovation Board, but Research and Development (R&D) plan and oversight is provided to the Trust Board through its Quality Committee.**
2. If yes, is there a PPIE (patient public involvement engagement) representative on this board with the specific remit to provide insights into research agenda setting from the perspective of a patient with lived experience of health issues or as a member of the public/community? [I am not referring to the presence of a lay chair]. **N/A**
3. Is there a PPIE advisory structure (e.g. board, committee, panel) which provides PPIE insights to inform the work of the executive board? (not within individual study groups- I refer to high level feedback into your research strategy meetings). **The Trust does not have a PPIE advisory structure, but we have a peer representative on the Trust Board. The Trust also has a Service User and Carer Council which is currently under review and whose Chair has a place on the Trust Board.**
4. If yes to question 2, 3, 4 or 5, please provide the most recent minutes/agenda with a list of members with designated roles/ remits (not names). **N/A**

5. Are PPIE representatives remunerated? **N/A**
6. Do you require PPIE representatives to do any training? If yes, please specify e.g. NIHR training or in house-training. **N/A**
7. I realise that some of this information may already be available. However, I was unable to locate it. So, if it is, please provide me with a link to the data. . **General information on Patient and Public Involvement and Engagement at Combined (not specific to research and development) is available at <https://www.combined.nhs.uk/get-involved/ways-to-get-involved-at-combined/>**
